The purpose of these meetings is to bring the public up to date on the White River Integrated Water Initiative. We will be introducing and discussing the Mission Statement and the Overall Goals of the WRIWI. We will follow these meetings with the Reach Meetings. The Reach Meetings will focus on exploring and refining the SOW for Phase III of the WRIWI. I have included in this packet the questions we will use at the first Reach Meetings.

The PAC is very welcome to attend the Public Input meetings, but the Reach meetings are where your expertise, ideas, wisdom, and input will be put to use. I will notify you of all the meetings. Please spread the word to anyone you think may be interested in becoming more informed about the Water Initiative.
