White River and Douglas Creek Conservation District

Job Announcement

District Conservation Technician

The White River & Douglas Creek Conservation Districts are seeking a self-motivated, results oriented individual for the District Conservation Technician position located in Meeker, CO.

The District Conservation Technician (DCT) is a temporary full-time position. The DCT will assist the Conservation Districts, Natural Resources Conservation Service (NRCS) and other partners in facilitating the development and implementation of resource management system plans by facilitating communications, coordination, and providing technical assistance. This person will provide assistance in conservation planning, working with landowners, groups, and units of government to apply and maintain a variety of conservation practices. This person is responsible for surveying, staking, information gathering, designing, engineering plan preparation, construction inspection, designing engineering practices, preparing engineering drawings, computing quantities, and preparing cost estimates. This position does not require an engineering degree, but prior engineering job experience is preferred.

See <http://www.whiterivercd.com> for job description and more information. Contact number 970-250-6825. Submit Resume to callie.districts@gmail.com by 5:00 p.m. December 28, 2018.
